3. Search

4. Understanding Of Icons

1.Understanding of Home Page:

The Homepage Contains mainly 6 things, they are

1. Main Menu.
2. Search Option.
3. Notifications.
4. Accordion Menu.
5. Recently Viewed Books.
6. Logout.

The snapshot below Shows the home page .

The screenshot displays the Triz School Library Management System home page. The header features the logo and a background image of a library. A navigation menu (1) includes Home, Help on Search, My Profile, My Account, Recently Viewed, and My-Eshelf. A search bar (2) offers options for SELECT, Keyword Search, Google Search, and Advance Search. A 'Recent Activity' section (3) shows a book titled 'Ideal Gases 2011-08-24'. A central accordion menu (4) lists categories: Quick Link (with sub-items like Text Book, E-Books, Journal, Audio/Video, Reports, Article Database, Newspapers, Case Studies), Reference, Useful Websites, Others, and Physical Links. A 'Recently Viewed Books' section (5) displays book covers for 'The Hydrogen Economy', 'Accountancy 1', 'virtual resource book', 'parth', and 'Boiler operation Engineering Q&A'. A 'Logout' button (6) is located in the top right corner. The footer reads 'Triz Library Automation'.

2. Main Menu

The main menu Contains the following menus.

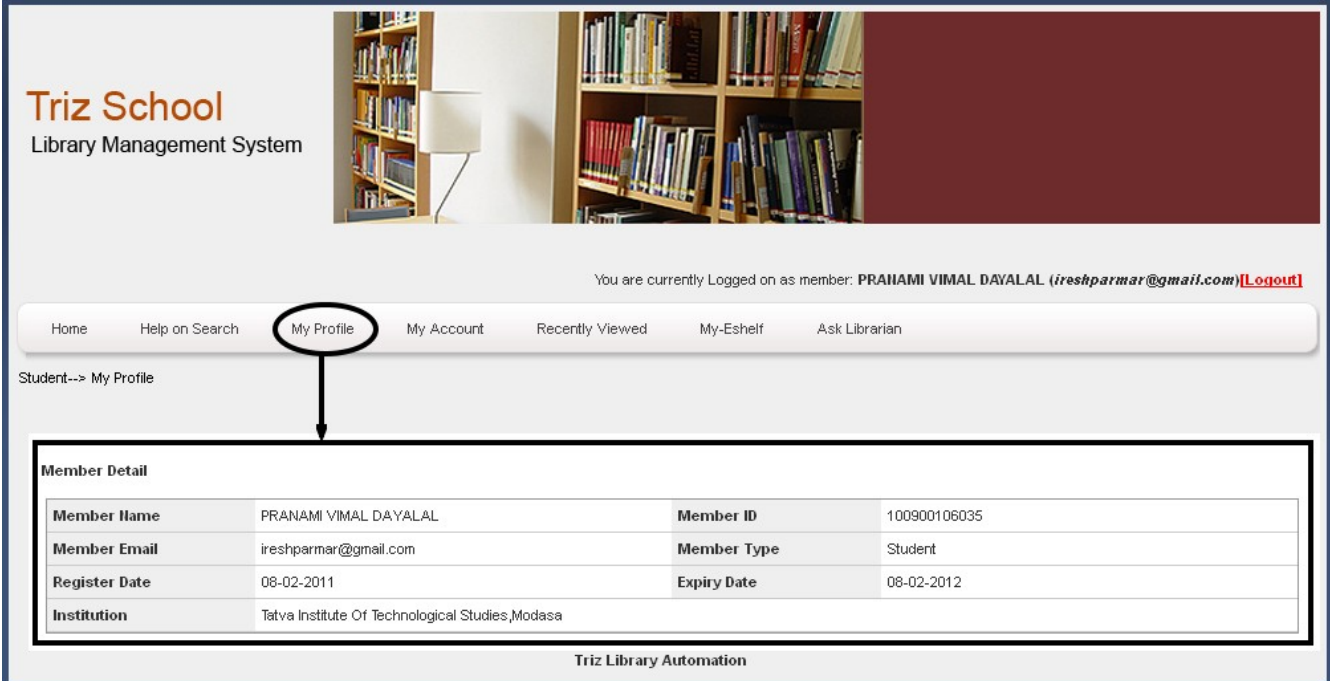

1. Home.
2. Help on Search.
3. My Profile.
4. My Account.
5. Recently Viewed.
6. My-E shelf.
7. Ask Librarian.

Now we will understand Each Tab in the Main Menu.

2.1 Home : Home tab is used to see the Home Page. (We have understand the Home Page)

2.2 Help on Search : Is the help document for the Student.

2.3 My Profile : Is used to see the user profile. The below snap shot / picture shows the My Profile.

The screenshot displays the Triz School Library Management System interface. At the top left, the logo reads "Triz School Library Management System". A navigation bar contains several tabs: Home, Help on Search, My Profile (circled in red), My Account, Recently Viewed, My-Eshelf, and Ask Librarian. Below the navigation bar, a message states "You are currently Logged on as member: PRAHAMI VIMAL DAYALAL (ireshparmar@gmail.com) [Logout]". A link "Student--> My Profile" is visible. The main content area shows a "Member Detail" table with the following information:

Member Detail			
Member Name	PRANAMI VIMAL DAYALAL	Member ID	100900106035

Institution	Tatva Institute Of Technological Studies,Modasa		

Triz Library Automation

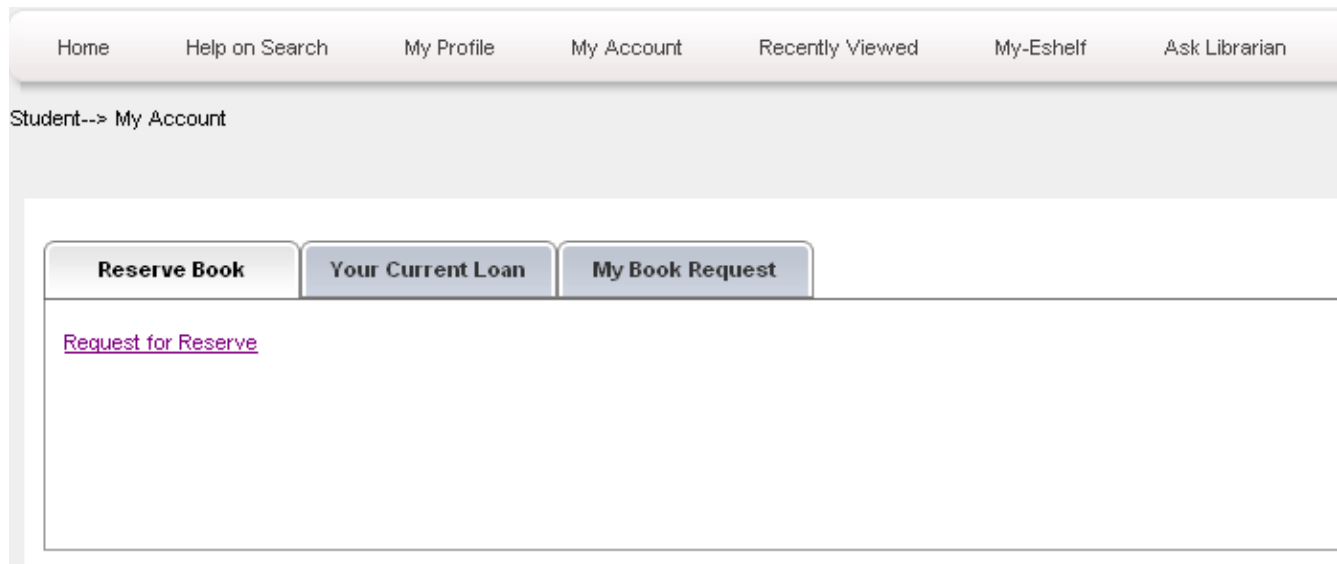

In this profile the fields are not editable the account for the library has to be generated by the admin of the college.

2.4 My Account :

My Account Tab contains three sub tab. They are

1. Reserve Book.
2. Your Current Loan.
3. My Book Request.

2.4.1. Reserve Book : This Function is used to reserve the book. To make request for reserving the book Click on the link “ Request for Reserve ” as shown in the below snap.

2.4.1.1 - How to Reserve the book :

Note : You can reserve only to those books which are given as a loan to other student and not a single copy of that book is available in the library.

And Can made Request to only Physical resources that are present in the library.

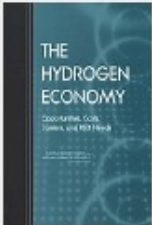

To make a request for reserve first search the book that you want (as a loan)made request. After searching the book look at the availability of that book in the book information below the book.

If the book is available then you can not made the request for reserve. (Then go to the library and loan it from there.) If it shows the availability of book in the library is zero then you can send request for that book by clicking the on the button “ Reserve ” In the book information. On clicking on the Request button the request for that book is send to the Librarian (Administrator) .

The below snap shows how to make a request for reserve.

Triz Library Automation

2.6 My-E shelf : My E shelf tab contains the 3 sub tab menus.

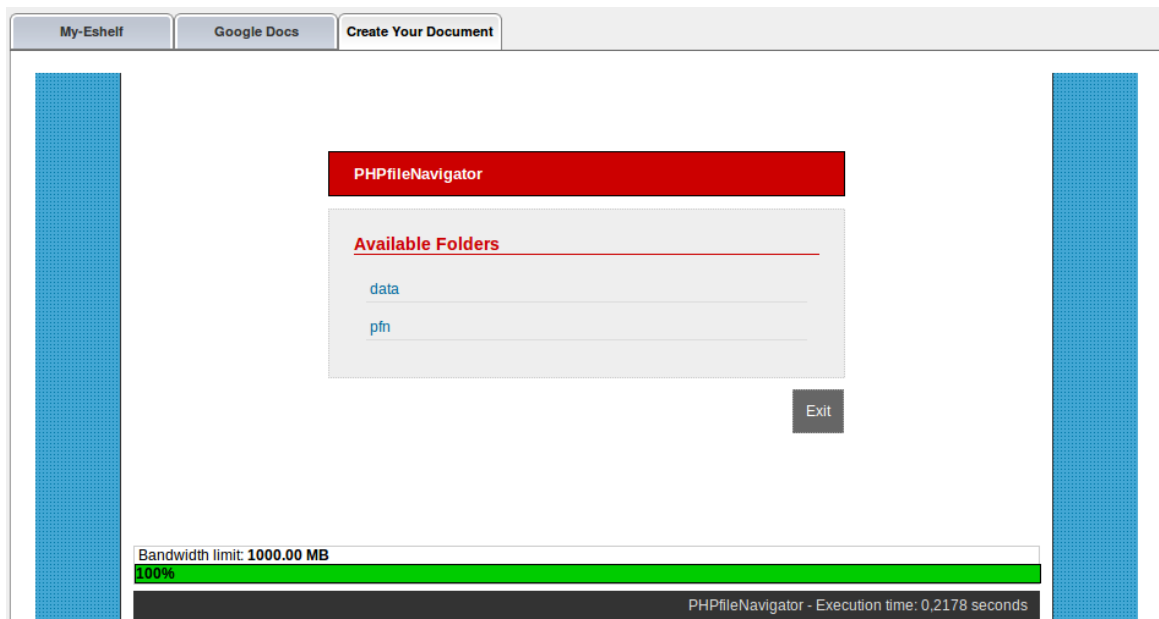

1. My-Eshelf
2. Google Docs
3. Create Your Document.

2.6.1 My-Eshelf : You can store your searched books in your shelf. By clicking on the icon below the book. All the icons that are used explained later in the document. The use of this tab is you don't have to search the books again and again

2.6.2 Google Docs : We have a facility of online google documents.

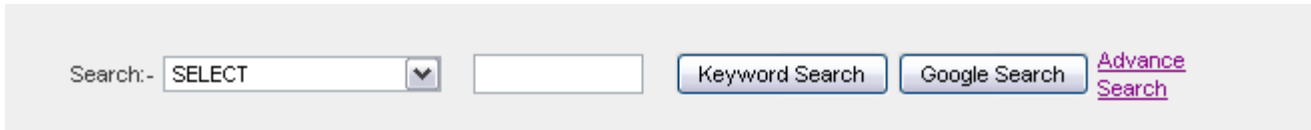

2.6.3 Create Your Document : You can create your own documents if you don't have google account.

3. Search

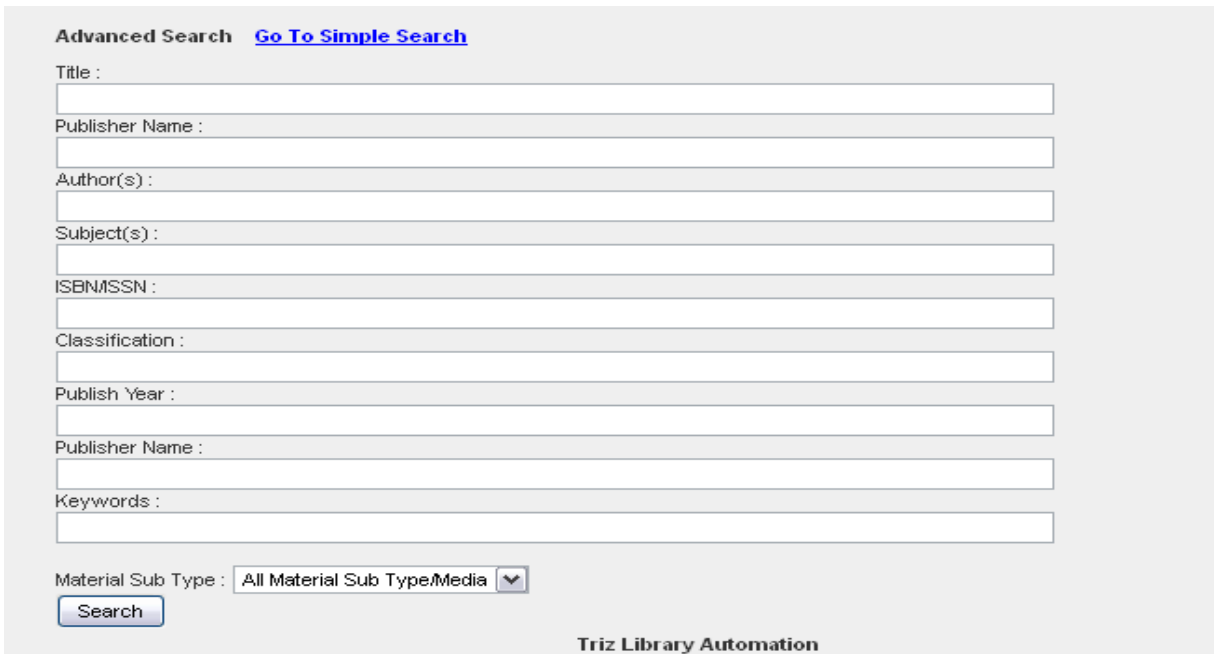

There is 2 method available on searching library catalog.

The first one is **SIMPLE SEARCH**, which is the simplest method on searching catalog, you just enter any keyword, either it contained in document titles, authors name or subjects. You can supply more than one keywords in Simple Search method and it will expanding your search results.

The screenshot shows a search interface with a label "Search:-" followed by a dropdown menu currently set to "SELECT". To the right of the dropdown is an empty text input field. Further right are two buttons: "Keyword Search" and "Google Search". To the right of these buttons is a link labeled "Advance Search" in purple text.

ADVANCED SEARCH, lets you define keywords in more specific fields. If you want your keywords only contained in title field, then type your keyword in Title field and the system will scope it search only on **Title** field, not in other fields. Location field lets you narrowing search results by specific location, so only collection that exists in selected location get fetched by system.

The screenshot shows an "Advanced Search" form. At the top left, it says "Advanced Search" with a link "Go To Simple Search" in blue. Below this are several input fields, each with a label: "Title :", "Publisher Name :", "Author(s) :", "Subject(s) :", "ISBN/ISSN :", "Classification :", "Publish Year :", "Publisher Name :", and "Keywords :". At the bottom left, there is a label "Material Sub Type :" followed by a dropdown menu showing "All Material Sub Type/Media". Below the dropdown is a "Search" button. At the bottom center, the text "Triz Library Automation" is displayed.

4. Understanding of icons

This icon is used to add book to “ My E shelf ”.

Shows the Book Summary.

Shows the table of content for the particular book.

Shows information about Author – Biography.
